

PLANET 200

Industrial Duty Vac® for general cleaning. Very powerful machine capable of working with large diameter suction hoses up to 70mm. Stainless steel Type 304 construction. Detachable recovery tank for easy emptying. Perfect for food industry, machine shops, plastics industry, ceramics industry, printing, textiles, heavy clean-up, etc.

CLEANING MACHINES FOR UNCLASSIFIED (GENERAL PURPOSE) AREAS CLASS 16 1101 - 16 1181

All the electrical components are recognized or certified UL or CSA and qualifies for all applicable requirements CAN/CSA-C 22.2 No. 243 & UL STD No. 1017

- 3 motors with independent control can be run simultaneously or individually
- Optional HEPA filter with minimum efficiency of 99.97% on 0.3 micron.
- Filter chamber and recovery tank made of stainless steel Type 304.
- Detachable recovery tank for easy emptying.
- Sight glass installed on recovery tank.
- Exhaust silencer for quiet operation.

*70mm Tangential Suction Inlet,
(made of Aluminum)*

Sight glass installed on recovery tank

Star Shaped Polyester Main Filter

*Independent Control for each motor.
Pressure gage and filter blockage indicator.*
